**Midnight  
Walk | 2010**

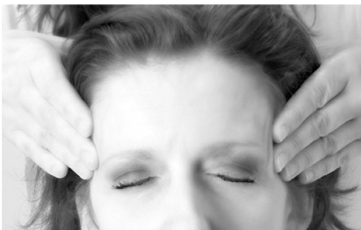

Registered charity no. 281362

***Beauty Works, Horsham, has been established for 12 years and is owned and run by Debbie Pickles. Debbie is a qualified holistic massage and beauty therapist who is totally committed to her business, providing a comprehensive range of therapies and treatments tailor-made to suit each individual client.***

***On hearing from a teenage friend of Debbie's daughter, about the care and compassion shown to her young mother in the final stages of her life, Debbie felt passionately about raising funds for St. Catherine's and registered to participate in the Midnight Walk in 2009.***

***The Midnight Walk represented a huge personal challenge to Debbie but, after undertaking a training programme at her local fitness centre, she successfully completed the walk and raised over £800.00.***

***Enlightened and uplifted by her achievement, Debbie wrote an account of her personal experience, which can be found on her website [www.beauty-works.biz/midnightwalk](http://www.beauty-works.biz/midnightwalk)***

***Debbie plans to work alongside women who have undergone chemotherapy by assisting with effective skin-care, helping with make-up techniques and massage for relaxation.***
