A Word about Steve Gubbins

Steve is no stranger to overcoming personal and physical barriers. Fifteen years ago, Steve was diagnosed with Kidney Cancer. He endured months of excruciating pain, major surgery and intensive therapy.

Steve was already well known as a multiple award-winning Portrait and Art photographer. He is the only portrait photographer in Sussex to have been twice awarded the Kodak European Gold Award for all round excellence of his work.

Having successfully beaten cancer, Steve has raised tens of thousands of pounds for many charities over the last 15 years.

For a donation of just £30-00 to St. Catherine's Hospice you will receive a Family Portrait Shoot at the Studios plus an 8"x6" print presented in a special presentation mount. Total Value £145-00

Steve has 1000's of portraits proudly displayed in homes all over the World. ...'Far better than we expected'
